“Hudson High School mission is to create an environment in which parents will actively participate in a variety of ways in their student’s education in order to enhance and help students reach their highest potential”

Hudson High School Family Involvement Plan: We believe in the importance of a partnership between home and school for the education of our students. We will maintain open communication with newsletters, phone calls, and parent/teacher conferences. We will attempt to communicate in a language parents can understand and will make them aware of the services offered by the Florida Parent Information and Resource Center. Parents and other family members are encouraged to participate through family events and volunteering. By working together, we will make a difference in the lives of our students. This compact is our agreement designed to promote a partnership between the home and the school, which meets the requirement of the Title I Federal Guide.
